- A. Before the Contract shall be declared terminated, the Town shall give notice to the Contractor and the Surety by certified mail with a copy via facsimile or e-mail transmission of the nature of the breach and a demand that the breach be cured. In the

event that the breach is not cured within seven (7) days, the Town may, in its sole discretion, terminate the Contract in whole or in part.

- B. In the event the Town terminates the Contract in whole or in part, the Contractor shall cease performing the Contract in accordance with a resolution of the Town. The Town may, in its sole discretion, (1) direct the Surety to perform the Contractor's obligations in accordance with the Contract; (2) enter into an agreement for the completion of the Contract according to the terms and provisions thereof with another Contractor; or (3) utilize such other methods as in the opinion of the Town Council will be required for the completion of the Contract in an acceptable manner, including completion of the work by the Town or entering a separate agreement with another Contractor.
- C. When any particular part of the work under the Contract Documents is being performed by the Town, by contract or otherwise, the Contractor agrees to continue the remainder of its obligations under the Contract Documents, and the Contractor will not interfere with the Town or its Contractor.
- D. Nothing in this section shall restrict the right of the Town to act in an emergency and take immediate action which may be required to provide continued solid waste collection services in the event of a breach or anticipatory breach by the Contractor.
- E. Where the Contractor's services have been terminated by the Town, said termination shall not affect any rights the Town has or may have in the future against the Contractor or the surety. Any retention or payment of monies due to the Contractor by the Town, will not release the Contractor or surety from liability. Any monies due to the Contractor or which may thereafter become due to the Contractor. If the damages, liabilities, costs and expenses exceed the sum payable to the Contractor under the Contract, then the Contractor and the Surety shall be liable and shall pay to the Town the amount of such excess.
- F. If after termination for breach it is determined that the Contractor was not in breach, or that the Contractor's failure to perform was due to causes beyond its control and without the fault or negligence of the Contractor, the rights and obligations of the parties will be the same as if the termination was for the convenience of the Town, as set forth below.

6. NOTICE AND TERMINATION FOR CONVENIENCE

The Town may terminate the Contract, in whole or in part if the Town determines that a termination is in the Town's interest ("termination for convenience"). The Town shall terminate for convenience by providing the Contractor with sixty (60) days notice of said termination. The notice shall also specify the extent of the termination and the effective date. If the termination is for the convenience of the Town, payments will be made as provided, for all work done by the Contractor under the terms and conditions of this Contract up to the time of termination and the Contractor shall be reimbursed by the Town for such expenditures the Town considers reasonable termination expenses. It is further provided that in no case shall payment be made for any claim for loss of anticipated profits.

7. REMEDIES

- A. LIQUIDATED DAMAGES. The parties recognize that in many instances when there is a breach of the Contract by the Contractor, the actual damages incurred by the Town will be difficult or impossible to determine. Accordingly, the Contractor shall pay the Town as liquidated damages and not as a penalty, the following amounts for the following breaches of the Contract:
1. a) For failure to report to or to collect Solid Waste on any collection day, the Contractor shall pay to the Town the sum of \$10,000.00 per day in which the failure continues; plus the sum of \$1,000.00 per day for each vehicle hired or used by the Town for the purpose of performing the Solid Waste collection service which the Contractor has failed to perform; plus the sum of \$200.00 per day for each person used or employed by the Town, including Town employees assigned to the performance of this service.

b) For failure to substantially collect Solid Waste on any one collection day, the Contractor shall pay to the Town the sum of \$5,000.00 per day in which the failure continues; plus the sum of \$1,000.00 per day for each vehicle hired or used by the Town for the purpose of performing the Solid Waste collection service which the Contractor has failed to perform; plus the sum of \$200.00 per day for each person used or employed by the Town, including Town employees assigned to the performance of the service. The Contractor shall be deemed to have failed to make substantial collection as herein above provided when it shall have failed to collect and remove at least eighty-five percent (85 %) of the tonnage of Solid Waste ordinarily and normally collected and removed on each collection day. For the purpose of this subsection, the Contract Administrator's estimate of the percentage of Solid Waste collected shall be binding and conclusive on the Contractor.
 2. For failure to provide collection services to any individual Collection Source entitled to any of the collection services pursuant to the Contract Documents, the Contractor shall pay the Town the sum of \$100.00 for each such failure.
 3. For failure to repair or replace an individual Collection Source's damaged waste containers or covers or to repay an individual Collection Source for damaged waste containers or covers, when the damage was caused by the Contractor, its agents or employees, the Contractor shall pay the Town the sum of \$50.00 from which sum the Town shall reimburse the claimant up to \$50.00. For failure to replace or repair a solid waste container that has been provided by the Contractor, the Contractor shall pay the Town the sum of \$1,000.
 4. For failure to maintain telephone service or a properly staffed office during the required hours as required by the Contract Documents, the Contractor shall pay the Town the sum of \$100.00 for each hour of such violation.

5. For using vehicles and equipment which are not in good working order and which the Contractor has failed to repair or properly maintain for a period of forty-eight (48) hours after receipt of notice from the Contractor Administrator or demand that the vehicle or equipment be repaired or replaced for the purpose of maintaining adequate and sanitary collection service pursuant to the Contract Documents, the Contractor shall pay the Town the sum of \$100.00 per day for each vehicle or piece of equipment used in violation of the Contract Administrator's demand.
 6. For failure to have vehicles equipped with a broom and shovel, the Contractor shall pay the Town the sum of \$100.00 for each such failure.
 7. For the Contractor, its employees or agents, soliciting gratuities of any kind of work in connection with the collection service required by the Contract Documents, the Contractor shall pay the Town the sum of \$50.00 for each such incident.
 8. For failure to immediately clean any spillage from the Contractor's vehicles or from Solid Waste containers during collection activities, the Contractor shall pay the Town the sum of \$100.00 for each such incident.
 9. For failure to start the collection day with empty trucks, if the trucks are filled with or contain any Solid Waste, garbage, refuse, Recyclable Materials or other materials that are not normally collected pursuant to the Contract Documents, the Contractor shall pay the Town the sum of \$1,000.00 for each such incident.
 10. For collecting, mixing, hauling or tipping in the same truck used for the collection of Solid Waste in the Town, any Solid Waste, Recyclable Material, garbage, refuse or other items from any other Town, location, person or business which is not a Collection Source pursuant to the Contract Documents, the Contractor shall pay the Town the sum of \$1,000.00 for each such incident.
- B. **ASSESSMENT OF LIQUIDATED DAMAGES.** The Contract Administrator shall assess liquidated damages in connection with the foregoing provisions and shall give notice to the Contractor of the damages assessed and the basis for said liquidated damages. The Contractor may, within ten (10) days of said notice, request in writing an opportunity to be heard before the Contract Administrator. Following said hearing, the Contract Administrator will make a final determination regarding the liquidated damage assessment.
- C. **PAYMENT OF LIQUIDATED DAMAGES SHALL NOT CONSTITUTE A DEFENSE.** The assessment, withholding or payment of any liquidated damages shall not constitute a defense to the Contractor, nor an election of remedies by the Town, nor an estoppel against the Town, nor prevent the Town from terminating the Contract for breach thereof.

- D. CUMULATIVE REMEDIES. No remedy provided within the terms of the Contract Documents shall be deemed to preclude the Town from taking any other action, but on the contrary, shall be deemed to be a remedy in addition to any and all other legal or equitable remedies permissible by law.

8. CONTRACT ADMINISTRATOR

Unless otherwise determined by the Mayor and Town Council, the Superintendent of Public Works shall be the Contract Administrator. In addition to those responsibilities delegated to the Contract Administrator elsewhere in the Contract Documents, the Contract Administrator shall:

- A. Determine the standard of service to be provided in accordance with the Contract Documents;
- B. Answer all questions related to the service that must be provided pursuant to the Contract Documents; and
- C. Make all initial determinations on interpretation of the Contract Documents with respect to the day to day service to be provided, which shall be binding upon the Contractor until said determination can be appealed pursuant to the terms of the Contract Documents.

Except as provided in the Contract Documents, the employees, methods, equipment and facilities used by the Contractor shall at all times be under its exclusive direction and control.
