Re: Court Attendants

An exemption to **NJSA 2C:39-5** (Unlawful Possession of a Weapon) is **NJSA 2C:39-6c(4)** a **Court attendant serving as such under appointment by the sheriff of the county or by the judge of the municipal court or other court of this State while in performance of his official duties.**

Pursuant to the above I am respectfully requesting the following listed retired law enforcement officers to serve as "Court Attendants" for the calendar year 2022 if needed for in person hearings. The Court Attendants will be responsible for courtroom security and will fall under the command and control of the Secaucus Police Department. I am authorizing the Court Attendants to carry firearms within the courtroom, while in the performance of their official duties in accordance with **NJSA 2C:39-6c(4)**. However, the only firearms they may possess in the courtroom under my authority are firearms that they have demonstrated proficiency in and are owned and controlled by the Secaucus Police Department.

MUNICIPAL SERVICES REIMBURSEMENT AGREEMENT
FOR MEADOW CREST CONDOMINIUM ASSOCIATION

This Municipal Services Reimbursement Agreement (from now on called the "Agreement") is being entered into as of the date of the last signature by a party to this Agreement as established by the dates entered adjacent to the signatures of the parties of this Agreement. This Agreement is being entered into by and between **THE TOWN OF SECAUCUS**, Hudson County, New Jersey, a political subdivision of the State of New Jersey, having its principal office at Municipal Government Center, 1203 Paterson Plank Road, Secaucus, New Jersey 07094 (from now on called the "Municipality") and **MEADOW CREST CONDOMINIUM ASSOCIATION**, a non-profit corporation formed under the laws of the State of New Jersey, having its principal office at 1099 Farm Road, Secaucus, New Jersey 07094 (from now on called the "Association").

BACKGROUND RECITALS

A. Pursuant to the New Jersey Municipal Services Law, N.J.S.A. 40:67-23.2 et. seq., as amended by P.L. 1996, C.6 (from now on collectively called the "Municipal Services Law"), the Municipality is obligated to either: (i) reimburse qualified private communities (as defined by the Municipal Services Law) located within its boundaries for certain services specified by the Municipal Services Law or (ii) provide the specified services within a qualified private community in the same fashion as the Municipality provides such services on public roads and streets within its boundaries. N.J.S.A. 40:67-23.3a.

B. The specified services governed by the Municipal Services Law are:

- (i) Removal of snow, ice and other obstructions from the roads and streets; and
- (ii) Lighting of the roads and streets, to the extent of payment for the electricity required, but not including the installation or maintenance of lamps, standards, wiring or other equipment; and
- (iii) Collection of leaves and recyclable materials along the roads and streets and the collection or disposal of solid waste along the roads and streets.

C. The Municipal Services Law vests the Municipality with the authority to determine whether it will provide the mandated services or reimburse for same, permits the Municipality to choose to reimburse for some services and provide others and vice versa, and permits the Municipality to vary its choice of reimbursement for services or provision of services from local budget year to local budget year.

D. To the extent the Municipality opts to reimburse rather than provide some or all of the

mandated services, the Municipal Service Law provides that the Municipality shall enter into a written agreement to annually reimburse a qualified private community in an amount not to exceed the cost that would be incurred by the Municipality in providing that (those) services(s) directly. It is the intent of the Municipality and the Association that this Agreement be and is the written reimbursement agreement between them for the Municipality's 2022 through 2026 local budget years (i.e. January 1 through December 31) for those services covered by the Municipal Services Law that the Municipality has opted to reimburse for rather than provide for.

E. For the Municipality's 2022 through 2026 budget years (i.e. January 1 through December 31 of each year), the Municipality has opted to provide reimbursement to the Association for the following services mandated by the Municipal Services Law rather than provide the service for same to the Association: lighting of the roads and streets, to the extent of electricity required.

F. The Municipal Services Law mandates that any amount reimbursed by the Municipality to the Association be used by the Association for the mandated service not provided and that such amount be the actual cost to the Association of providing that service, but not to exceed the amount the Municipality would have expended on that service if it were provided directly by the Municipality to the Association.

G. The Municipal Services Law also mandates that any municipal services agreement entered into by and between the Municipality and the Association provide for an accounting by the Association of the use of the money paid over to it by the Municipality as reimbursements and for the refunding to the Municipality of any reimbursement payments in excess of the amounts actually expended or contractually committed by the Association during the accounting period in order to provide the services for which the Municipality has opted to reimburse rather than provide.

H. Removal of ice and snow on main drive, collection of leaves (offered) and the collection and disposal of recyclable materials and of solid waste along the roads and streets are currently being provided by the Municipality, and the Municipality shall continue to provide those services to the Association in a manner consistent with such collections throughout the Municipality.

AGREEMENT

Based upon the background recited above, the Municipality and the Association agree upon the following:

ARTICLE I **DEFINITIONS**

1.01. **General**. The definitions set forth in the Municipal Services Law, N.J.S.A. 40:67-23.2, are hereby incorporated by reference as part of this Agreement as if same were more fully set forth herein.

1.02. "**Association**" as used herein shall mean the Qualified Private Community commonly

known as Meadow Crest Condominium Association.

1.03. "**Budget Year**" as used herein shall mean the period from January 1 through December 31 inclusive for each of the years covered by this Agreement.

1.04. "**Qualified Private Community**" as used herein shall mean Meadow Crest Condominium Association.

1.05. "**Winter Season**" as used herein shall mean the period of months from October through April.

ARTICLE II

ELECTRICITY FOR LIGHTING OF ROADS AND STREETS

2.01. **Election of Reimbursement Option.** For the Municipality's Budget Years beginning in 2022, the Municipality hereby elects and agrees to reimburse the Association for the cost of four (4) street lights on the private roads and streets of the Qualified Private Community for which the Association is responsible; however, in no event shall the amount of such reimbursement exceed the monetary obligation that the Association actually incurs for that budget period for lighting the private roads and streets within the Qualified Private Community for which the Association is responsible.

2.02. **Reimbursement Rate.** The Municipality and the Association acknowledge and agree that the Municipality's obligation to provide reimbursement for electricity for lighting of the Qualified Private Community's private roads and streets is in the same fashion as the Municipality provides electricity for lighting of the Municipality's public roads and streets during the same Budget period for which reimbursement is sought. It is agreed that the Municipality will reimburse the Association for the cost of electricity to four (4) street lights at the same rate charged by PSE&G to the Municipality for normal residential usage along public streets. Formula:

The normal monthly electrical charge by PSE&G to the Municipality for four (4) street fixtures for each month during the budget period shall be added together to determine the reimbursement for the budget period.

2.03. **Maximum Reimbursement.** In the event the amount so calculated is greater than the amount that the Association actually incurs for the cost of electricity for lighting the private roads and streets within the Qualified Private Community for which the Association is responsible, the Municipality's reimbursement obligation shall be equal to the lesser of the two amounts.

2.04. **Administration of Reimbursement.** The administration of the reimbursement for the cost of electricity for lighting roads and streets shall be in accordance with this Agreement.

ARTICLE III
ADMINISTRATION OF REIMBURSEMENTS

3.01. **General.** The Association acknowledges and agrees that its obligations with regard to establishing entitlement to the reimbursements governed by the Municipal Services Law and this Agreement shall be determined by its adherence to the administrative procedures established in this Article IV. The Municipality acknowledges and agrees that its obligations with regard to payment to the Association of such reimbursements to which the Association is entitled pursuant to the Municipal Services Law and this Agreement shall be governed by the terms of this Article.

3.02. **Reimbursement.** The Association shall be entitled to submit a written request to the Municipality for reimbursement for the costs of electricity for lighting of roads and streets as determined pursuant to Article II of this Agreement. The Municipality may create a specific form or format for such requests. In the event the Municipality does establish such form or format, it shall so advise the Association in the manner herein provided for giving notices and the Association shall be obligated to use such form or follow such format when submitting requests for reimbursements as long as such form or format is reasonable.

At a minimum, any request for reimbursement must include an affidavit setting forth the specific monetary sum that the Association has actually paid and/or become obligated to pay by virtue of an actual issued bill for electricity for the street lighting. Such affidavit must be accompanied by a certified true copy of the issued bill(s) evidencing such charges. In the event the issued bill(s) reflect(s) other charges and/or is in a format that does not clearly segregate the charges for which reimbursement is sought from other charges, the Association shall have the obligation to secure from the entity issuing the bill such written clarification as shall be necessary to segregate the specific charges for which reimbursement is sought from other charges.

Within twenty (20) business days of its receipt of a request for reimbursement, the Municipality shall make a determination as to whether such request has been submitted in proper form and with all necessary information to be processed for action. If the request is not in proper form or if additional information is required, the Municipality shall give written notice of such circumstances to the Association in the manner herein provided within the aforesaid twenty (20) business day period. Such notice shall specify any deficiencies in the request and/or such additional information as may be required. In the event no notice of deficiency is given to the Association by the Municipality within the aforesaid twenty (20) day period, the request for reimbursement shall be presumed adequate.

Once a proper and complete request for reimbursement has been received by the Municipality, the Municipality shall calculate the Maximum Reimbursement for the service in question to which the Association could be entitled for the Budget period in accordance with this Agreement. The Municipality shall then be obligated to pay to the Association and the Association shall be entitled to receive from the Municipality the lesser of the amount reflected in the Association's request for reimbursement or the aforesaid calculated maximum reimbursement. Except as otherwise governed by Section 3.03 of this Agreement, the Municipality shall tender a check to the Association for the applicable amount within thirty (30) business days following the regular

monthly meeting after the Municipality's receipt of a proper request for reimbursement. Requests for reimbursement shall not be made more often than every three (3) months.

3.03. **Reimbursement for Previous Periods.** Reimbursement for the periods specified below shall be paid by the Municipality to the Association as soon as practicable upon the Municipality's receipt of a proper request for reimbursement and processing of such for payment:

Electrical reimbursement for four (4) street lights from January 1, 2021 through December 31, 2021 at the monthly PSE&G reimbursement rate for the Town for that year.

3.04. **Association's Obligation for Accounting.** Pursuant to N.J.S.A. 40:67-23.5(c), the Association shall provide an Accounting of the use of the money paid to it by the Municipality. If the accounting shows that the Reimbursement Amount for any service is in excess of the amounts actually expended or contracted for by the Association, said excess shall be refunded to the Municipality.

3.05. **Book-Keeping, Inspections and Audits.**

A. The Association agrees to maintain records and books with respect to the Reimbursement Services, which show the actual expenses of and payments by the Association for all items of whatever nature for which reimbursement is authorized hereunder and the specific Reimbursement Services performed under this Agreement.

B. The Association shall cause to be prepared annually, at its sole cost and expense, an accounting statement of expenses for each calendar year that reflects and confirms in detail reasonably satisfactory to the Municipality, the amount of money actually expended by the Association during that calendar year for each of the services covered by this Agreement (but only to the extent such money was paid for services actually provided in that calendar year), and the allocation of the reimbursement payment made by the Municipality to the Association for the specific service in question for each calendar year.

C. The Association Accounting(s) shall be delivered to the Municipality by the Association within thirty (30) calendar days from the date the Association receives its audited financials for the applicable accounting period (i.e. the end of the fiscal year of the Association) or such later date as the Municipality and the Association may deem mutually acceptable.

In the event such accountings shall reflect that the Municipality has reimbursed the Association in excess of the amount to which the Association is entitled under the terms of this Agreement and/or the Municipal Services Law, the Municipality may offset such amount against any then current balance that may be due and owing by the Municipality to the Association for any other service covered by this Agreement. In addition, after any offset as aforesaid, any remaining amount due and owing to the Municipality by the Association shall be paid by the Association to the Municipality within ten (10) business days of the Municipality's notice to the Association of the amount due. Until such balance is paid by the Association to the Municipality, the Municipality shall be entitled, in addition to all other remedies available to it, to recoup such amount by offset

against any reimbursement obligations it may have with the Association pursuant to the Municipal Services Law for the calendar year and/or for the Municipality's subsequent Budget Years.

Notwithstanding the provision of Section 3.02 of this Agreement obligating the Municipality to tender reimbursement payment to the Association within thirty (30) business days following the regular business meeting of the Municipality after its receipt of a proper request for reimbursement, in the event such deadline falls within the time frame within which the Association's most recent fiscal year has ended, but the Association has not provided the Municipality with the accounting required by this Section 3.04 for such fiscal year as of the date that the request for reimbursement is made by the Association to the Municipality, the Municipality shall not be obligated to pay to the Association and the Association shall not be entitled to receive from the Municipality any reimbursement payment that appears to be due until ten (10) days following the Municipality's receipt of the accounting statement required by this Section 3.04 and then only if such accounting statement confirms the Association's continued entitlement to such reimbursement.

In the event an accounting required by this Section 3.04 reflects that the amount reimbursed or requested for reimbursement to the Qualified Private Community for any of the services covered by this Agreement has exceeded or will exceed the maximum reimbursement calculated as provided in this Agreement, this Section 3.04 of this Agreement shall govern the respective rights and obligations of the Municipality and the Association with regard to any pending and, if appropriate, future request(s) for reimbursement.

ARTICLE IV **MISCELLANEOUS**

4.01. **Notices.** All notices required or permitted by this Agreement (including requests for reimbursement) shall be in writing and served as follows:

4.02. **Waiver**. No provision contained in this Agreement shall be deemed to have been abrogated or waived by reason of any failure to enforce same, irrespective of the number of violations or breaches which may occur.

4.03. **Invalidity**. If any portion of this Agreement is determined to be illegal or invalid or unenforceable, the remainder of this Agreement shall remain in effect as written.

4.04. **Conflict**. In the event any portion of this Agreement is determined to be in conflict with the Municipal Services Law, the provision(s) of the Municipal Services Law shall govern, it being the intent of the Municipality and the Association that the Association under this Agreement is entitled to receive that to which it is entitled under the Municipal Services Law, but that the Municipality does intend by this Agreement to provide to the Association any more than that to which the Association is mandated to receive pursuant to the Municipal Services Law.

4.05. **Changes to this Agreement**. This Agreement may not be changed unless the change is in writing and signed by both the Municipality and the Association.

4.06. **Captions**. The captions in this Agreement are for convenience only, and not to be considered when interpreting the meaning of any part of this Agreement.

4.07. **Entire Agreement**. This Agreement contains the entire agreement between the Municipality and the Association. Neither party has made any other agreement or promise which is not contained in this Agreement.
